An odd form of runic

These strange creatures  
are believed by many to  
be daemonic in nature,  
but in truth this is a  
slander. They are an  
Intelligent and civilized  
race. They have no love  
for humanity (nor is their  
mistrust unjustified) but  
they are honorable in  
their own, alien way.  
Their ways are  
mysterious, and it may be  
that they are too  
different from us to  
ever live in peace with  
humanity. If that proves  
to be so, some would call  
it a great tragedy
